# ABOUT US

---

**REPPE LIMITADA** is a trusted mining company based in Angola, specializing in the exploration and commercialization of high-quality granite and marble. Since its inception in 2014, the company has grown steadily by focusing on sustainability, operational excellence, and community impact. With a stronghold in regions like Huila and Namibe, REPPE produces premium stones such as Marron/Golden Brown Marble, Negro Angola Granite, and Rosa Caraculo Granite. Our products are known for their durability, aesthetics, and versatile application in both interior and exterior environments. Whether for high-tread flooring, cladding, stairs, or monuments, REPPE's materials offer strength, consistency, and visual appeal.
